Empowering people for better future by our smart Innovative Technology Solutions

PURPOSE: We aim to provide our clients with convenient, reliable and affordable Solutions & Services as per their requirement. We believe in combining our experienced Technology Ideas with our Consultative approach to help the customers across Industries.

VISION: To be the most esteemed, Innovative and fastest growing company in the Engineering market Segments. Always working for Development of Stakeholders, Society and provide Customer satisfaction with good values and culture.

MISSION: Simplisol Technologies Pvt. Limited is established to provide Simple, Effective and Complete Solutions to the Customer for their every need. To assist the customer with technical expertise and services for the products sold. It is the goal of our firm to have 100% customer satisfaction with regards to quality, Cost, Personalized Service, Quick Service and to discover new ways to exceed the expectations of our clients.

OUR BRANDS:

WATER & WASTE WATER TREATMENT

Water Filtration & Treatment Solutions for Residential, Commercial & Industrial Business Segment. You're Partner for all the Water Needs.

We Provide Complete Range of Products & Services required to Design, Build, Maintain and Upgrade Water, Waste Water Treatment Facilities & Systems.

Water Filtration

- Multimedia filter / sand & Carbon
- Softner & Iron Removal
- Disc Filters
- Cartridge Filters & Housing
- Reverse Osmosis system
- Ultra Filtration system
- Demineralization system
- Electro-Deionization system
- Ozone generator
- Water dispenser
- Hydrogen / Alkaline machine

Waste Water Management

- Sewage / Effluent Treatment Systems - (civil)
- Sewage / Effluent Treatment Systems - (Modular)
- Air Blowers
- Air Diffusers - disk type
- Air Diffusers - tube type
- Tube Settler media
- MBBR media
- Sludge Dewatering system

Pumps & Pressure Boosters

- Mono Block Pumps
- Submersible Pumps
- Multistage Pumps
- Bore Well Submersible
- Dosing Pump
- Sewage Cutter Pump
- Hydro Pneumatic System

Swimming Pools Systems

- Pool Filter & Media
- Pool Pumps
- pool Cartridge
- Under Water Lights
- Cleaning Equipment's
- Pool Grating
- Water Treatment Chemicals
- Activated Carbon
- Water Softeners
- Skimmer
- Pool Ladder

AIR SYSTEM SOLUTIONS

Monitoring, Purification and Conditioning of Air across Residential, Commercial & Industrial Segments.

Using Our Solutions for Monitoring, Purification and Conditioning that removes airborne pollutants & conditions the air we go a long way toward helping you breathe healthier & meet the required standards.

Air Monitoring

- Oxygen Analyzers
- Gas Analyzers
- Ambient Air Monitoring System
- Moisture Sensors
- Wireless Gas Detector
- Thermo-Hygrometer
- Particle Sensor - Real time
- Dew Point Sensors
- Data Loggers

Air Purification

- Portable Air Purifiers
- Fume Extraction System
- Fan Filter Unit
- HEPA 14 Filter - FFU
- Car Purifiers

Conditioning Of Air

- Industrial Dehumidifiers
- Industrial Portable Dehumidifiers
- Commercial Dehumidifiers
- Residential Dehumidifiers
- Portable Air Conditioner
- HVAC System

INSTRUMENTATION & CALIBRATION

Technology Experts Providing Solutions in the field of Process Instrumentation, Calibration and Automation. ISO 17025 NABL Certified Calibration Laboratory

We specialize in installation, testing and commissioning of all process control Instrumentation equipment. Our team consists of qualified instrument and electrical service technicians and are available for onsite technical support whenever and wherever their services are required

Industrial Automation service helps us to provide tailor made solutions to our clients, which we design as per their requirements and business ecosystem to help cut their cost, deliver time, while focusing on end user satisfaction.

Process Instrumentation

- Pressure Measurement & Control
- Temperature Measurement & Control
- Level Measurement & Control
- Flow Measurement & Control
- Online Water Analyzer
- Bench top Water Analyzers
- Valves
- Dimensional Instruments

Laboratory Equipment's

- Laboratory Furniture
- Hot air oven / Convection oven
- Incubators
- Oil Bath
- Water Bath
- Laminar Air Flow Chamber
- Vertical / Horizontal Autoclave
- Muffle Furnace
- Temperature and Humidity Stability Chamber
- Shaking Machine
- Magnetic Stirrer

Calibration - NABL Accredited Calibration Laboratory

- Pressure Calibration
- Thermal Calibration
- Dimensional Calibration
- Electrical Calibration
- Weighing Scale Calibration
- PLC Validation
- Clean Room Validation
- Temperature and Humidity Mapping

TECHNOLOGY SOLUTIONS

Empowering People for better future by our smart Innovative Technology Solutions

We try to work on key challenges faced by the Customers and try to understand their needs for smarter Solutions & Products / machines. To address these, we try to integrate key development aspects such as requirements management, Configuration management, change and cost management as well as project management.

Our technology for SCALES based on - Cutting edge, Brilliant EMFC MONOLOG single block technology (Made in Germany). This unique system offers unbeatable advantages for daily use like Incredibly fast response, more sensible accuracy, high stability and Unfailing reliability.

Automation Solution & Peripherals

- PLC Modules
- HMI / GOT / Industrial Panel Computer
- SCADA / DCS
- Robot Arm
- Conveyor Lines
- VFD and Servo Drives
- Control Panels
- Building Management

Weighing Scales & Weights

- Analytical / Laboratory Balance
- High Precision Balance
- Jewellery & Diamond Scales
- Micro & Semi Micro Balance
- Table Top & Platform Scale
- Flame Proof Scale
- Computing + Label Printing Scale
- Moisture Analyzer
- Weights Box & Weights

Surveillance Systems

- Network / Analogue Bullet Camera
- Network / Analogue Dome Camera
- Network / Digital Video Recorder
- Wi-Fi Camera
- Wi-Fi NVR
- Biometric Attendance System
- Mobile Camera & DVR
- AI Network Bullet Camera
- Video Door Phones
- IR Illuminators

INDUSTRIES WE SERVE

Residential & Commercial

Manufacturing & packaging

Pharmaceutical

Chemical

Food Processing

Distilleries

Hotels

Research & Laboratory

WHY CHOOSE US?

True Partners

Respect of the client needs,
culture, identity & objectives

Focus on Innovation

Global Know-how

Dedicated Team

OUR TEAM

Our team of experts at all levels of our services have years of experience backing them, which adds the credibility of an expert workforce. Our goal is to make a positive difference in your business through our services and build long term relationship with you. Our commitment to our clients can be seen by the amount of emphasis we lay on team work, customer support services and making technological upgrades in our process and equipment from time to time.
